NAUGHTY LITTLE ALICE

Old Enough to Be Wise,
So She Shook the
Prince

Her Coachman Not as Sensi-
ble as Her Horses--Ran
Away With the Giddy
Young Thing

Berlin, Nov. 23.—Princess Alice,
wife of the Prince of Schoenberg
Waldenburg, and youngest daughter
of Don Carlos, of Bourbon, eloped

from her home at Meisga, Prussia,
with her own coachman a fortnight
ago, but it only became known today.
The police are in hot pursuit, but so far
are unsuccessful. The princess is 27
years old.

They Gripped Two.

Chicago, Nov. 2.—Two non-union
employees of the American Hide &
Leather Company, going to work this
morning, were pursued by strikers,
who had been watching events since
the strike was declared three weeks
ago. The men turned at bay in a sub-
way, and fired revolvers into the
crowd, and Michael Gallagher and
Anthony S. Zymanski were wounded.
The non-unionists escaped.

From the Anthracite.

Buenos Ayres, Nov. 23.—The Argen-
tine gunboat Uruguay has arrived at
Santa Cruz with members of the Nor-
denskjold Antarctic expedition aboard.
One member died last winter. The
dispatch fails to state the fate of the
expedition's vessel.

MOROS BADLY USED

Attacked the Soldiers
and Are Very
Roughly Used

Three Hundred Killed and It
Is Probable This Will
Put an End to the
Uprising

Washington, Nov. 23.—The war de-
partment has received a cable from
the Philippines confirming the news of
the battle between troops under
Woods and the Moros, in which the
latter lost 300. None of the Ameri-
cans were killed, and further move-
ments are contemplated. The Moros
had taken a position, which they con-
sidered impregnable. The indications
are that there will be no uprising, or,
in any case, no difficulty in handling
the uprising.

A Colored Crank.

Washington, Nov. 23.—Elijah Den-
nis, colored, tried to gain access to the
President this morning. He insisted,
and was finally turned over to the po-
lice, to be examined as to his sanity.
His speeches indicate religious insan-
ity.

This afternoon the crank, Dennis,
was adjudged insane, and committed
to St. Elizabeth's hospital.

Assassins Are Resting.

Cape Haytien, Nov. 23.—A dispatch
from Santo Domingo says an armistice
of 56 hours is being observed. The
American gunboat Newport, also the
Italian and Dutch warships have land-
ed marines.

Texas Forest Fires.

Dallas, Tex., Nov. 23.—Forest fires
in Southeastern Texas pine lands are
growing worse. The flames have
crossed the Sabine river in several
places, and the damage is immense.

The Montana Muddle.

Helena, Mont., Nov. 2.—Arguments
on the appeal in the McGinnis injunc-
tion suit against the Boston & Mon-
tana Company were begun in the su-
preme court today.

STRIKE STILL HOLDS

No Settlement Reached
and None In
Sight

Strikers Demolish a Car
This Morning and the
Crowd Is Dispersed
With Difficulty

Chicago, Nov. 2.—Operation of the
State-street cable car line was under-
taken today for the first time since the
strike began November 12th. More
police were detailed for the barns, al-
though the force on the cars was not
increased. Coal is reported as run-
ning low at the car barns.

One State street car, stopped at
40th street, was immediately sur-
rounded by a turbulent crowd, and,
despite the heavy police guard, was
literally riddled by a storm of mis-
siles. The police charged repeatedly,
and used their clubs, but were unable
to disperse the crowd, until they fired
a volley from their revolvers in the
air. Obstructions were placed all
along the line. The crowds are larger
than they have been for a week, and
there were frequent arrests.

On Arch avenue the trolley wires
were cut in a dozen places this morn-
ing, and the tracks obstructed. Guy
wires were also cut, until the trolley
in many places sagged in the middle
of the street. A live trolley wire at
Jalstead was also cut this morning;
one of the dangling ends causing the
instant death of a horse, and a narrow
escape for the driver.

Hunting a Winner.

Glasgow, Nov. 23.—The Herald to-
day states that a syndicate of Clyde
yachtmen will challenge for Ameri-
ca's cup in 1905. It is considering a
plan for three yachts, by Watson,
Fife and Mylne, to be raced against
each other next summer, the best to
be the challenger.

Put Out Early.

Ossing, N. Y., Nov. 2.—Carmine
Gatmari was electrocuted at 6 o'clock
this morning, for the murder of Mrs.
Josephine Pietro a year ago.

MICHIGAN HAS A SCANDAL

Gang Conspired To
Hold up City of
Grand Rapids

One of Them Confesses--The
Leader Was to Get a
Half Million Dollar
Rake-off

Grand Rapids, Mich., Nov. 23.—Ex-
Alderman Schriver today pleaded guilty
of bribery in the water deal. He
will testify in the other cases. It has
developed that Salisbury, the leader
of the conspiracy, was to have re-
ceived \$125,000 when the deal was
consummated, and \$100,000 of stock in
the new company.

Slays in Heat of Passion.

Lakeview, Or., Nov. 23.—Word has
been received here of a murder which
occurred some distance from Lake-
view yesterday. Phil Barry, a youth
of 19 years, quarreled with Timothy
Ahern, a young man of his own age,
and in the heat of passion drew a re-
volver and shot Ahern, who died short-
ly before midnight. No particulars of
the tragedy have been received.

Six Plead Guilty.

Topeka, Kan., Nov. 23.—Six of the
mutineers pleaded guilty to man-
slaughter, and were sentenced to
from one to five years each. Three
others, not including the ringleaders,
will be tried, also the trusty who fled
when the mutiny occurred.

Peter's Pence.

Rome, Nov. 23.—Cardinal Merry Del-
Val has taken charge of the Peter's
pence commission, and expects Amer-
ica to contribute a million and a half
this year.

Detective Dead.

Paris, Nov. 23.—Louis Baraud, the
world's famous detective, and head of
the Paris secret service, is dead.

Old Firm Suspends.

London, Nov. 23.—The old estab-
lished firm of John Brown & Com-
pany suspended payment today.

GRAY BEARDS TALK

Senate Takes up the
Cuban Bill But It
Goes Over

Senator Hale Thinks Canada
Will Join the United
States Within Twenty
Years

Washington, Nov. 23.—Senator Cal-
lon introduced the Cuban bill in the
senate today, without amendment or
change on the calendar. Senator
Carmack introduced a resolution in-
structing the senate committee on or-
ganization, of which Quay is chair-
man, to investigate the affairs of the
postoffice department. The committee
is to report before May 1st. Consider-
ation of the resolution went over for
the day, under the rules. Senator
Hale, discussing the Cuban annexation
proposition in the senate today, said
he didn't doubt but that Canada would
become a part of the United States
within 20 years, and even that time
would be hastened if tariff discussion
continues in England.

The President sent the nomination
of Jesse Fuller to be pension agent at
San Francisco, and Walter Avis, post-
master at Pomona.

Started from Sparks.

Topeka, Kan., Nov. 2.—A prairie
fire, started by sparks from a locomo-
tive, has destroyed 20,000 acres of
cattle range in Wallace county, and
hundreds of tons of hay.

A Careful Perusal

Of these columns will, to use a pardonable bit of expressive "American," put you next to information that can save you money. There isn't an offering here, the truth of which can be disproved by a person at visit to the store. It's the business policy of this house to tell PLAIN FACTS about the goods and back them up with a cheerful refund of your money if, by chance, a mistake is made. It's the only way to win your favor and hold it. It's the only policy that keeps a twentieth century store GROWING.
